RE: Entry into the Ontario Public Register of Reports, Archaeological Assessment Report Entitled, "Stage 2 Archaeological Assessment, Addendum to Previous Work, K2 Wind Power Project, Turbine 334 Layout Change, Lot 11, Concession 11 WD, Geographic Township of Ashfield, Now Township of Ashfield-Colborne-Wawanosh, Huron County, Ontario", February 1, 2012, Revised March 8, 2012, Received at the MTCS Toronto Office on March 13, 2012, MTCS Project Information Form Number P083-194-2011, MTCSRIMS File Number HD00231

Dear Mr. Figura;

This office has reviewed the above-mentioned report, which has been submitted to this Ministry as a condition of licensing in accordance with Part VI of the Ontario Heritage Act, R.S.O. 1990, c 0.18. This review has been carried out in order to determine whether the licensed professional consultant archaeologist has met the terms and conditions of their licence, that the licensee assessed the property and documented archaeological resources using a process that accords with the 2011 *Standards and Guidelines for Consultant Archaeologists* set by the Ministry, and that the archaeological fieldwork and report recommendations are consistent with the conservation, protection and preservation of the cultural heritage of Ontario.*

The report documents the assessment of the project location as depicted in Map 12 in the above titled report and recommends the following:

No further archaeological assessment of the surveyed area is required.

If project plans change to incorporate new areas that were not considered during this study, these must be subject to Stage 2 field survey.

Based on the information contained in the report, the ministry is satisfied that the fieldwork and reporting for the archaeological assessment is consistent with the ministry's 2011 *Standards and Guidelines for Consultant Archaeologists* and the terms and conditions for archaeological licences. This report will be entered into the Ontario Public Register of Archaeological Reports. Please note

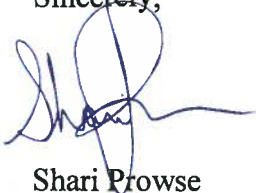

that the ministry makes no representation or warranty as to the completeness, accuracy or quality of reports in the register.

Given the above, this Ministry is satisfied that concerns for archaeological sites have been met for the area of this development project as depicted within Map 12 of the above titled report.

This letter does not constitute the Ministry's written comments for the purposes of O. Reg 359/09.

Should you require any further information regarding this matter, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Shari Prowse', with a stylized flourish extending to the right.

Shari Prowse
Archaeology Review Officer

cc. MTCS Archaeology Licence Office
Ms. Sarah Palmer, Capital Power Corporation

** In no way will the Ministry be liable for any harm, damages, costs, expenses, losses, claims or actions that may result: (a) if the Report(s) or its recommendations are discovered to be inaccurate, incomplete, misleading or fraudulent; or (b) from the issuance of this letter. Further measures may need to be taken in the event that additional artifacts or archaeological sites are identified or the Report(s) is otherwise found to be inaccurate, incomplete, misleading or fraudulent.*
