

K2 Wind Power Project Community Liaison Committee

Wednesday, July 22, 2015

6:30 p.m. – 8:30 p.m.

K2 Wind Operations Building - 84655 Tower Line Rd,
Lucknow Ontario N0G 2H0

Open to the General Public for Viewing

About the CLC

A Community Liaison Committee (“CLC”) has been established as a forum to exchange ideas, share information and provide regular updates regarding construction, installation, use, operation, maintenance and retirement of the K2 Wind Power Project (“the Project”). The 270 megawatt wind Project received its Renewable Energy Approval in July 2013.

All meeting materials (minutes, presentations, reports, etc.) will be made available for public review on the Project website at **www.K2Wind.ca**. The agenda for the meeting will be posted on the Project website at least one week in advance. The CLC meeting is open to the general public for observation.

For more information on the CLC please contact the K2 Wind Project:
Krista Walkey, **Krista.Walkey@stantec.com**;
Phone (519) 575-4133

For questions or requests for additional information not pertaining to the CLC, please contact the K2 Wind Power Project Team at:

E-mail: **K2Wind@capitalpower.com**

Telephone: 519-441-1067

About the Project

- K2 Wind Ontario is a partnership between Samsung Renewable Energy, Inc. (Samsung), Pattern Energy Group Inc. (Pattern Energy) and Capital Power LP (Capital Power).
- K2 Wind has the capacity to generate 270 megawatts of renewable electricity from 140 Siemens model SWT-2.3 wind turbines. Operations commenced in May 2015.
- More information about the Project is available at **www.K2wind.ca**
